

"LARGE FUN"

In the religion of Arabia (Middle East), there are three clear distinct periods:

1. "The Heavens" era.

The "Heavens" era in Arabia lasted from approximately 1700 to 4400. It lasted a total of about 2600 years

According to Jewish time.

The "Heavens" Id!
Semiramis = moonlight married to a solar ummah with Nimrod. The stars are children

The main characters of the Heavens

God was the people

They were the leaders in building the Tower of Babylon! God interrupted the building by mixing the builders' tongues!

2. An intermediate

The interval lasted for a vague time

God was a moon

When the "Prophet Mohammed" came to Mecca in Kaaba there were 360 different gods. There was a god for every day of the year. Mohammed removed all the others, but left one moonlight "Hubal."

3. Islami's season of

2 billion Islamic daubs are finally pitiless.

They have fallen badly by the powers of darkness. They think they are worshiping some real god who is finally a bad gem.

Nearly 632, Muhammad rejected the monsieur "The Heavens."

He created a new one-religionist religion and chose a new god whom he named "Allah."

This god is a meteorite falling from heaven, which he named "Kaaba as black stone."
